This award is established to recognize those members that so many times have given of their talents, time, effort and support to others. This amount will help cover the cost of the certificate and pin. If the recipient receives more than one nomination, a certificate will be mailed each time with the sponsor's name. We hope that the sponsor will make arrangements with the Worthy Matron to make the presentation at a Chapter Meeting and, if possible, notify the District Chairman so that she may be present.
